This Release and Waiver is executed as of the date referenced below by the undersigned (“Releasor”).

I, **Releasor**, being of lawful age, in consideration of being permitted to participate in a rope access training course conducted by or on behalf of Altius Technical Services (Altius), do for myself, my spouse, my heirs, executors, administrators and assigns, hereby agree to defend and indemnify, and to release and forever discharge Altius, its owners, subsidiary and affiliate companies, their employees, instructors, operators, agents, officers, members and contractors, and their successors and assigns (collectively, the “Released Parties”), of and from any and every claim, demand, liability, action, right of action, cost or expense (including legal fees and expenses) of whatever kind or nature, either in law or in equity, arising from or in connection with any personal injury (including death) or property damage, whether known or unknown, directly or indirectly;

- (1) Occurring during the Altius rope access training course; or
- (2) Resulting or to result from my participation in this course or any activities in connection therewith or resulting therefrom, whether by negligence of the Released Parties or not, whether foreseen or unforeseen.

I further release all officials and professional personnel from any claim whatsoever on account of first aid, treatment, or services rendered me during or in connection with my participation in the rope access training course.

I acknowledge and agree that rope access activities are inherently dangerous and I agree to personally assume any and all risks related to any such activities I may choose to engage in, now or hereafter, including without limitation any rope access activities that may be offered as a part of an Altius training course and program. I specifically understand that the rope access training course will only attempt to impart knowledge in the field of rope access possessed by Altius and the assigned Altius instructor, which knowledge may be imperfect and incomplete. As such, I understand and agree that Altius cannot and does not guarantee my safety, either during the training course or at any time thereafter when I may be utilizing the training techniques taught by Altius. I understand that I am assuming all risks associated with any rope access activities I may undertake.

I further state that I am of lawful age and legally competent to sign this Release and Waiver. I understand the terms in this document are contractual and not a mere recital, and that I have signed this document as a result of my own determination and as my own free act. I have fully informed myself of the contents of this Release and Waiver by reading it before I signed it. If there is anything within this Release and Waiver that I do not understand, I agree to seek the advice of legal counsel prior to signing it.

**Candidate Site Induction**

I confirm that I have received a training site induction for this location that includes, but is not limited to, information regarding fire alarm and emergency evacuation procedures, first aid kit location and procedures, risk assessment, specific training rescue plans, the IRATA ICoP and TACS documents, and SPRAT Safe Work Practices document.

**Image Release**

I freely grant Altius Technical Services (Altius) irrevocable permission to publish any image in which I appear, taken during the course of this training, in whole or in part and for a length of time determined by Altius, on their website or in their Newsletter or any advertising material deemed appropriate without remuneration. I understand that the picture will be used, in conjunction with other images, to represent the company’s services. I warrant that said picture is free of any abuse of copyright law. I will hold harmless the aforementioned Altius from any liability by virtue of any distortion or alteration unless it can be proven that such alterations and or distortions were done with malicious intent.

**Statement of Medical Fitness for Training Purposes**

It should be understood that work at height and the Industrial Rope Access courses, of all levels, involve physical and mental exertion. Certain medical conditions are a definite contraindication to the safe and successful completion of courses.

Ideally candidates should be in possession of an applicable full industrial medical certificate. As a minimum, we require you sign the form to show you are medically fit and therefore there is no reason that would exclude you from participation in a rope access course/assessment. Failure to produce some form of medical certificate/signed statement will result in your certification being delayed, and exclusion from the course and assessment.

Principal contra-indications to working at height include, but limited to, the following:

Heart disease/chest pain, High blood pressure, Epilepsy, fits, blackouts, Fear of heights/Vertigo, Giddiness/difficulty with balance, Impaired limb function, Alcohol or drug dependence, Psychiatric illness/counseling, Diabetes.

*To the best of my knowledge I do not suffer from any mental or physical condition, including those mentioned above, which would interfere with my ability to work at height in a satisfactory and safe manner; or put myself or others at risk through my participation in rope access activities.*
